

This is in response to the letter dated 11/24/10 referencing the September Monthly Report (8/1/10-8/31/10):

- The Column A and Column B totals appear to have corrected themselves in the filing system.
- The amended report includes additional "best efforts" information for donors. We are still missing information for the following donors and will be sending a follow-up request for information: Gordon Sharbuno, Patricia Reigle, Richard Ptizer, Jean Fishbune, Albert Davis

RPW exercises the following policy regarding missing occupation information for individuals who contribute in excess of \$200 in a calendar year:

All of our original solicitations include a clear and conspicuous request for the contributor information and inform the contributors of the requirement of federal law.

If the donor has not provided the information, the committee will either call or send a letter with return envelope to the donor within 30 days asking for the occupation with no solicitation and again inform the contributor of the requirements of federal law for the reporting of such information.

Contributor information received after the contribution has been reported is then filed in either an amended report or as a memo in the next regularly scheduled report.
